

WE ARE PREPARED!

New Haven Assisted Living and Memory Care understands that being prepared for emergencies and natural disasters involve thoughtful year-round planning so that we can respond and support our residents in the event of an emergency or natural disaster quickly.

Here are ways New Haven has prepared to protect your loved one during an emergency or natural disaster:

- Emergency and Disaster plan in place, where all staff are trained on how to quickly assist residents in the event of an emergency situation or natural disaster.
- Multiple-day supply of prescription medications, medical supplies, food and drinking water to ensure continuity of care so residents can continue with little or no interruption.
- Automated messaging service so that we can keep our families updated on any information that may affect their loved one. The messaging service provides families with up-to-date

New Haven's primary goal during any natural disaster is to ensure the ongoing safety of our residents while striving to maintain a high quality of care and services.

NEW HAVEN

ASSISTED LIVING & MEMORY CARE
