

Over-the-Counter (OTC) Advantage Program

Increased Convenience,
Value and Safety for You

Omnicare's Over-the-Counter (OTC) Advantage Program provides you and your loved ones peace of mind by offering a convenient, affordable and safe alternative to managing OTC medications. The OTC Advantage Program supplies residents with 30-day, single dose, generic OTC medications that have been pharmacist checked, specially packaged and delivered directly to your community. All of the medications included in the OTC program are value-priced, and many are available at just \$2.59.

Convenience

- OTC medication automatically filled and delivered along with your prescriptions
- Pharmacy available 24/7/365

Value

- Over 350 of the most common OTCs including tablets, capsules, creams, lotions, eye drops, etc.
- Also includes common incontinence and enteral nutrition products
- Competitively priced with retail stores
- Packaged, labeled, and delivered to you at no additional charge
- Extensive list of OTCs priced at \$2.59 for a quantity of 30

Safety

- Compliance packaging in your community system helps ensure right dose
- Medication labeled with dosing information from the prescriber
- Omnicare's Licensed Pharmacists review OTC medication among other OTC and prescription medications
- Timeliness of dispensing prevents delays in therapy

\$2.59 OTC Medications

Each 30-day, single dose, generic supply of an eligible OTC medication is just \$2.59. If you require more than a single dose of the same medication within the same month, you pay only \$1 for each additional 30-day supply.

How Omnicare’s \$2.59 Pricing Works for Eligible Products

Below are some common situations you might encounter when taking advantage of the generic OTC medications included in this program.

Example 1: Mary takes (1) Doc-Q-Lax tablet daily. How much will she pay for a 30-day supply of her medication? Because Doc-Q-Lax is part of Omnicare’s \$2.59 program, Mary will pay \$2.59 for a 30-day supply of Doc-Q-Lax tablets. In each subsequent month, Mary will also pay \$2.59 for her 30-day supply, assuming there are no changes to her dosage.	<table><tr><td>First 30 tablets:</td><td>\$2.59</td></tr><tr><td colspan="2"> </td></tr><tr><td>Total Monthly Cost:</td><td>\$2.59</td></tr></table>	First 30 tablets:	\$2.59			Total Monthly Cost:	\$2.59								
First 30 tablets:	\$2.59														
Total Monthly Cost:	\$2.59														
Example 2: John takes (2) Z-gen tablets daily. How much will he pay for a 30-day supply of his medication? Z-gen tablets are part of Omnicare’s \$2.59 program, so John will pay \$2.59 for 30 single-doses of Z-gen. Because John requires two tablets per day, he will pay an additional \$1.00 to receive another package of 30 single-doses for total medication cost of \$3.59. Next month, John will again pay \$2.59 for his first dose of 30 Z-gen tablets and \$1 for an additional 30 tablets for a total of \$3.59.	<table><tr><td>First 30 tablets:</td><td>\$2.59</td></tr><tr><td colspan="2"> </td></tr><tr><td>Second 30 tablets of same medication:</td><td>+ \$1.00</td></tr><tr><td colspan="2"> </td></tr><tr><td>Total Monthly Cost:</td><td>\$3.59</td></tr></table>	First 30 tablets:	\$2.59			Second 30 tablets of same medication:	+ \$1.00			Total Monthly Cost:	\$3.59				
First 30 tablets:	\$2.59														
Second 30 tablets of same medication:	+ \$1.00														
Total Monthly Cost:	\$3.59														
Example 3: Sally takes (2) Certagen tablets daily, plus one Garlic oil capsule. How much will she pay for a 30-day supply of these medications? Both Certagen tablets and Garlic oil capsules are part of Omnicare’s \$2.59 program. Sally will pay \$2.59 for her first dose of Certagen, plus an additional \$1.00 for her second dose of Certagen. She will then pay \$2.59 for her 30-daysupply of Garlic oil capsules. Her total monthly cost is \$6.18.	<table><tr><td>First 30 tablets:</td><td>\$2.59</td></tr><tr><td colspan="2"> </td></tr><tr><td>Second 30 tablets of same medication:</td><td>+ \$1.00</td></tr><tr><td colspan="2"> </td></tr><tr><td>First 30 tablets of different medication:</td><td>+ \$2.59</td></tr><tr><td colspan="2"> </td></tr><tr><td>Total Monthly Cost:</td><td>\$6.18</td></tr></table>	First 30 tablets:	\$2.59			Second 30 tablets of same medication:	+ \$1.00			First 30 tablets of different medication:	+ \$2.59			Total Monthly Cost:	\$6.18
First 30 tablets:	\$2.59														
Second 30 tablets of same medication:	+ \$1.00														
First 30 tablets of different medication:	+ \$2.59														
Total Monthly Cost:	\$6.18
