

# ePrescribing of Medications

## including Controlled Substances

Omnicare's current Surescripts certification continues to provide controlled and non-controlled medication ePrescription routing for assisted living residents.

### **Dear Resident:**

When physicians use ePrescribing, it benefits you with better accuracy, greater safety, and speed and security of delivery of your medications. Please provide this sheet of paper to your physician, along with a list of your current medications. For your convenience, you may list your medications on the reverse side of this sheet.

### **Dear Prescriber:**

Please send all medications electronically for this resident to the pharmacy listed below.
